

# NEPAL !

samedi 18 mai 2013, par [Julia Fady](#)

The 6<sup>e</sup> and 5<sup>e</sup> International classes joined forces this year to create a booklet about Nepal as part of our ongoing collaboration with the association *Agir pour un monde solidaire* and the SON orphanage in Kathmandu.

We first wrote to the orphanage and told them about our lives, then asked questions about theirs. When we received the answers, we still had many questions. The booklet is the answers we found to our questions about life in Nepal.

We hope you enjoy reading it as much as we enjoyed writing it !
