

## TOY SOLIDARITY

jeudi 12 décembre 2019, par [Julia Fady](#)

This month the students of the International Section participated in a toy drive organized by the parent association APELEVIA to offer presents to children in need.

Almost 100 toys, games, action figures and puzzles were collected to help the 420 families in need in Aix en Provence. The toys will be wrapped and distributed by the Restos du Coeur to over 300 children.

Clearly, the students of the section have a sense of toy solidarity and are happy to share this season with others less fortunate than they are. And isn't that what this time of year is about, after all ?
